

Communications Workers of America — Local 9509, AFL-CIO

Dear RMC retiree,

September 21, 2021

It is time for AT&T annual enrollment. The enrollment period is October 11 through November 5, 2021. Please review your options carefully. You should have received information

If you wish to keep CarePlus, the monthly contribution will be \$2 for individual coverage and \$3 monthly contribution for individual + 1. You will need to enroll. The coverage is not automatic and now has a cost.

There also is an additional life insurance opportunity. During annual enrollment you can elect additional life insurance without providing Evidence of Insurability (EOI). You can purchase up to the amount of coverage you had before AT&T lowered our coverage to \$25,000.

All this information is available on the AT&T Benefits Center website and information is available through AON. Please take the time to familiarize yourself with your options.

Also if your coverage is in California you can make changes to your coverage during your birth month. This is for California only.

Still do not know when there will be an in person RMC meeting. Trying to err on the side of caution.

I hope everyone is staying safe.

Sincerely,
RMC Leadership
